Last Revised	June 21, 2022

2370.02 - **EMBEDDED CREDIT**

Embedded Credit refers to credit that can be earned for selected core courses by students who successfully complete the requirements indicated below. Students are awarded credit for the coursework and also for another course that correlates with the program. Embedded Credit will allow those students the flexibility of pursuing their academic interests while earning a required graduation credit.

- A. Research has shown that learning is increased and retained at a higher level if the content is taught through a relevant and applied experience (Mundy and Eyler, 2002).
- B. Students will be required to demonstrate proficiency in the core course prior to awarding embedded credit.
- C. Embedded credit courses are recommended to the ~~Secondary~~ Executive Director **of High School and Adult Education** by the school administrator.
- D. The ~~Secondary~~ Executive Director **of High School and Adult Education** ~~and/or Director of Quality Assurance~~ meets with teachers from both content areas, curriculum staff, and school administrators to determine the conditions under which Embedded Credit may be offered, if at all.
- E. The West Virginia legislators provided funding to employ certified Math and Language Arts teachers in all career technical education centers and multi-county centers. These teachers will continue to align the CTE skill sets and State academic College and Career Ready academic standards and work in CTE programs to integrate academic standards into the CTE curriculum.
 1. If the embedded credit is in a CTE course, the CTE concentration teacher and the certified math and/or language arts teacher will work collaboratively to assign final grades.
 2. If the course is not CTE, the transcribed grade is the same grade as the course with which the embedded credit is awarded.
- F. If a student completes an embedded credit course, the course is entered into their student transcript in the same manner as if the student had taken the course as typically offered.

- G. If a student fails a course in which an embedded course credit has been approved as part of the course, the student may recover credit for the embedded credit course through the school level credit recovery program, summer school credit recovery, or take the regular course during another school year.
- H. Cabell County Schools retains the prerogative to withdraw embedded credit approval based upon assessment results or other exigent circumstances.
- I. Students will receive high-quality instruction that will allow them to work toward mastery on 100% of the content standards and objectives for all embedded credit courses approved by the county and submitted for approval to the WVBE.

Embedded Credit Courses will be as follows:

Take this course:	CMHS; HHS	Get this credit:
Show Choir & Integrated Physical Education Virtual Course	CMHS; HHS	Physical Education
Marching Band & Integrated Physical Education Virtual Course	CMHS; HHS	Physical Education
Dance & Integrated Physical Education Virtual Course	CMHS; HHS	Physical Education
Weight Training & Integrated Physical Education Virtual Course	CMHS; HHS	Physical Education
JROTC I and II	CMHS; HHS	Physical Education
Body Structures and Functions	CMHS; HHS	Advanced Human Anatomy and Physiology
JROTC IV	CMHS; HHS	Social studies elective
Carpentry (Completion of four-course sequence)	CCCTC	Transition Mathematics for Seniors
Foundations of Health Science and Advanced Principles of Health Science	CMHS; HHS	Health
HVAC Technician (Completion of four-course sequence)	CCCTC	Transition Mathematics for Seniors
Electrical Trades Technician (Completion of four-course sequence)	CCCTC	Transition Mathematics for Seniors
Machine Trades Tool Technology (Completion of four-course sequence)	CCCTC	Transition Mathematics for Seniors
Automotive Technology (Completion of four-course sequence)	CCCTC	Transition Mathematics for Seniors
Coding, App, and Game Design (Completion of four-course sequence)	CCCTC	Computer Science and Mathematics
Collision Repair Technology (Completion of four-course sequence)	CCCTC	Technical Transition Mathematics Transition Mathematics for Seniors
Law and Public Safety (Completion of four-course sequence)	CCCTC	Transition ELA for Seniors
Welding (Completion of four-course sequence)	CCCTC	Transition Mathematics for Seniors

Pre-Cosmetology (Completion of four-course
sequence)

CCCTC

Transition ELA for Seniors

Prostart (Completion of four-course sequence) CMHS, HHS

Transition ELA for Seniors
